The following is an examiner's statement of reasons for allowance: In response to applicant's comments filed on July 20, 2006, the examiner hereby modifies his original Reason for Allowance to state that the Reason for Allowance is that the system operates "near the maximum allowable fuel collection unit pressure level" as defined on pages 9-10 of the specification with the understanding that this level is "at fuel system pressure level(s) above those typically attainable under low engine load conditions (page 4 of applicant's Appeal Brief)."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
